

ENGLAND DECLARES WAR

A Despatch came through last evening, about eight o'clock, from New York, stating England has now declared war, and handed the German ambassador his passport.

August 4th, 20.15 p.m.—A wire from Calgary, Alberta, confirms previous report, and states: "Germany has declared war against England, and England in turn has declared war against Germany." They state this report is absolutely correct.

MOST TERRIBLE WAR SINCE FALL OF THE ROMAN EMPIRE.

London, August 3.—The Times in an editorial this morning says: "Recent events mean that Europe is to be the scene of the most terrible war she has witnessed since the fall of the Roman empire." The Times proceeds to throw blame upon Germany, saying: "Germany could have stayed the plague had she chosen to speak in Vienna as she speaks when she is in earnest. She preferred to make demands in St. Petersburg and Paris which no government could entertain. She has lived up to the worst principles of the Frederick tradition, which disregard all obligations of right and wrong at the bidding of immediate self-interest. She has resolved to crush France and trample on the rights of those who stand in her way. Yesterday it was Luxembourg; tomorrow it may be England; she will assail without declaring war."

"A" Squadron 35th Central Alberta Horse

Orders for the week, August 3rd to August 10th, 1914. Squadron will parade, strong as possible, at the armories every evening at 8 o'clock, for dismounted foot and arm drill and musketry and firing exercises, until further orders. All men, whether at present members of the Squadron or not, who are willing to volunteer for active service in Canada or abroad, will hand in their names and addresses to Sergeant Harvey at the armory, or to any of the squadron officers. Every member of the Squadron is urged to assist in enlisting every able-bodied man it is possible to obtain. Every man who has enlisted in the Squadron since last January, 1913, must notify present address to the O.C. J. CARLISLE MOORE, Major, O.C. "A" Sqn. 35th C.A.H. The market during fair week will be held on Tuesday, August 18th, instead of Thursday, August 20th.

SUMMARY OF WAR EVENTS UP TILL THIS MORNING.

John Burns, president of local government board of Great Britain, resigns as protest against war policy of government. It is also rumored that Viscount Morley, lord president of the council, contemplates resignation. British government has not yet decided to intervene, but has given France assurance that British fleet will not permit German fleet to attack French coast. British government decides to guarantee war risks on four and most shipped from Canada and United States to the United Kingdom. British admiralty announces completion of mobilization of navy. Report of engagement in North Sea between British and German battleships declared to be untrue. Reported invasion of Switzerland by Germans not confirmed. Canadian government announces that chartered banks are authorized to issue excess circulation to amount not exceeding fifteen per cent. of paid-up capital; and that in order to conserve Canadian gold supply the government is ready to issue Dominion notes against securities that may be deposited by banks and approved by minister of finance. Port of Montreal closed for first time in history, tug fleets patrolling the lower harbor as a precautionary war measure. Five million dollars worth of grain in elevators of Montreal under special guard. Canadian naval reserve department looking for recruits for service at Halifax. Arrangements being made to collect thirty thousand horses in Canada should Britain need them. First units of Canadian militia ordered on duty at Halifax. Censorship announced of cable and wireless messages from Canada. Canadian militia department flooded with offers of enlistment. Plans for mobilization of Canadian forces complete. Decision to issue clearing house certificates—the first since the panic of 1907—announced by clearing house association of New York. New York bankers arrange with state and treasury departments to issue \$3,500,000 in gold coins, for benefit of American tourists stranded in Europe and unable to cash checks or drafts. Italy decided to maintain neutrality. Emperor Nicholas, in special manifesto, says "Russians will rise up to one man and repulse the insolent attacks of enemy." Belgian cabinet has decided not to appeal to the powers as yet. Belgian government says that up to present no Germans have invaded Belgium. Commonwealth of Australia offers imperial government expeditionary force of twenty thousand men, and to place all Australian warships under control of admiralty. New Zealand defence committee has taken over control of chief harbors. French arms secure victory over corps of Uhlans at Petit Croix, a customs port on the Lorraine frontier. Uhlans were advance guard of Germans marching from Metz to Nancy. French aviator passes over German forces and drops bombs within the German lines, demolishing an engine of an armored train. Germans, after short skirmishes with Russians, take possession of Czestechowa, Bentszig and Kalish, Russian Poland. Official announcement of invasion of France, near Clergy, by Germans. Germans make capture of war prisoners near Hohenalza. Burgomaster of Antwerp announces that Germans have invaded Liege, Holland, and that the province has been placed under martial law. Positive assurances are given that Germans will respect neutrality of Netherlands, provided it is strictly observed. The mobilization of most of the countries of Europe has been virtually completed. Germany has given Belgium a 12-hour ultimatum to allow her troops to pass through Belgium to France. Belgium declines to grant this. Few reports of actual military movements are being received owing to the censorship.

FRANCE AND GERMANY MAKE NO DECLARATION—BOTH BLAMING THE OTHER.

London, August 3.—Four great powers of Europe, Austria-Hungary, Russia, France and Germany are now engaged in actual warfare, but the extraordinary position obtains that two of them, Germany and France, have not only not declared war against each other, as far as is known here, but have not even severed diplomatic relations, and this despite the fact that Germany's ultimatum to France has either been ignored or rejected. The explanation of this would appear to be that Germany and France are each seeking to throw on the other the onus of beginning the war. In fact, while the nations of Europe are lying at each other's throats, they are vying with each other in protesting their desire to maintain peace, and they repudiate the responsibility for plunging the whole continent into bloodshed. In this curious situation, France, according to British opinion, has the strongest justification. She certainly was the latest to mobilize and seems to have taken the greatest precautions to avoid further complications. On the other part Germany, in addition to invading Belgium territory without a formal declaration of war, has violated the neutrality of Luxembourg and declines to give any undertaking to respect Belgian neutrality. AMBASSADOR'S EFFORTS WASTED. The efforts of the British ambassador to secure this undertaking have been wasted. It is difficult to see how Great Britain can avoid being drawn into the conflict to protect Belgian and Dutch neutrality, and the British ambassador's official announcement in parliament is awaited with intense anxiety, the British public being no longer under any illusion as to the gravity of the crisis which transcends anything in their experience. The least observant man in London could not fail to be impressed with the fact that something tremendous was happening. Short of actual formal mobilization the British government is taking all necessary steps to meet the situation unprecedented in the nation's history. DAY OF GREAT SUSPENSE. Sunday was a day of the greatest suspense in English history. For hours the cabinet was in council at Whitehall and the whole country believed it to be wrestling with the question of whether England should take up arms in support of her partners in the Triple Entente. No statement was made officially concerning the cabinet's deliberations, except that the premier would make an announcement in the house Monday, and that the cabinet would hold another meeting in the morning. The government took three measures for defence yesterday, none of them consistent with the policy of remaining out of the conflict, if that should be its policy. PREPARING FOR WAR. The naval reserves and naval marine passengers were called out by proclamation; the territorials who had just assembled at the training camps for annual practice were ordered back to their headquarters; the home secretary prohibited aerial flights over the entire kingdom; and territorial waters, except by military craft. All these measures are purely defensive. Great Britain would feel obliged to take them with a great war raging close to her shores, even if there was no question of her participation. Censors took charge of all the cable offices in the kingdom last night. All code messages were prohibited, even to Australia. Telephone communication with the continent was entirely stopped. FINANCIAL SITUATION. The king issued a proclamation declaring a moratorium, or legal delay, allowed for meeting obligations a month, as suspension of the banking act today appears assured. Parliament will probably pass a bill for a loan to the amount of \$250,000,000. A rise in the price of foodstuffs is expected, though the board of trade has issued a reassuring statement that there is a wheat supply for four months in the country.

Tokio, Aug. 3.—German ship was seized at Vladivostok to-day by Russians.

London, Aug. 3.—A despatch to the Telegraph from Paris Sunday, but delayed by censor, says: "German army invaded Switzerland; captured Swiss station at Basle. Basle is now entirely in the hands of German army."

Rapid aggression taken by the German forces indicate that they are attempting to strike a decisive blow at France in order to be ready to meet the Russian armies, whose mobilization requires more time than that of France.

PARIS, Aug. 3.—A state of siege is proclaimed throughout France. This means that the country is at war. A formal proclamation will be next step. It is expected today.

AMSTERDAM, Aug. 3.—The German cruiser Augsburg is bombarding Libau, an important Russian port in the Baltic, according to reports received here. Libau is burning. A Russian cruiser attacked the Augsburg.

BERLIN, Aug. 3.—Russian troops are invading the eastern part of Germany in force. Several conflicts occurred near the border, according to official reports received here, but no general conflict has yet been precipitated.

PARIS, Aug. 3.—Two defeats of German troops invading France are announced by a news agency here to-day. It is stated that, in one engagement on the frontier, a division of Uhlans of the famous cavalry of the Kaiser's army was routed by French troops, and 2,000 prisoners captured. A German patrol crossed the border near Longay, and were repelled. Two German officers and twenty soldiers were killed.

LONDON, Aug. 3.—A wireless despatch to the admiralty states that a German column invaded France near Nancy on Sunday.

VLADIVOSTOCK, Aug. 3.—Russian naval station here is working day and night.

TSIN, China, Aug. 3.—The mobilization of all Russian troops in Siberia commenced to-day. All Russians in this city received orders to-day to hurry at once to Peking.

LONDON, Aug. 3.—The Russian ambassador, Count Benckendorff, is exerting every possible effort to force England into a formal declaration of war alliance with the Czar. He has called upon Sir Edward Grey, foreign secretary, four times within the last 24 hours.

PREPARED TO TAKE PART IN STRUGGLE THAT SEEMS TO BE A CERTAINITY NOW

HULL, England, Aug. 2.—Steamers have been sent out to bring the British fishing fleet home from the North Sea.

LONDON, Aug. 2.—The territorials have been summoned back from their training camp to headquarters. The territorials are similar in organization to the national guard of the United States.

LONDON, Aug. 2.—The British naval reservists were called out at 3 o'clock this afternoon. This action is taken as confirming the belief that the government is ready to take its part in the struggle.

LONDON, Aug. 2.—British censors today took charge of all messages reaching England over the Atlantic cables. Messages in code may not be transmitted.

BERLIN, Aug. 2.—German troops today fired upon and brought to earth a French flying machine near Wesel.

PARIS, Aug. 2.—The German ambassador this afternoon was still in Paris awaiting instructions from Berlin to leave, none seemingly having yet reached him. It is understood that if he does not ask for his passports, they will be handed him tonight.

FUNERAL DIRECTORS AND EMBALMERS ASSOCIATION ELECT OFFICERS.

The Alberta Funeral Directors and Embalmers Association held their annual meeting at Calgary on July 21st, 22nd and 23rd. The following officers were elected: Hon. President—W. G. McArthur, Inisfail, Alta. President—H. B. Armstrong, Calgary, Alta. 1st Vice-President—R. C. Foster, Calgary, Alta. 2nd Vice-President—J. A. Reid, Banff, Alta. Secretary—Treasure—H. G. Stone, Red Deer, Alta. Serz. at Arms—C. W. Chase, Strathmore, Alta. Executive—W. C. Gooder, Orlis, Alta.; J. W. Connelly, Edmonton, Alta.; John Wilson, Okotoks, Alta.

London, August 4th—It is unofficially stated that the British Government has presented an ultimatum to Germany demanding instant withdrawal of German troops from Belgium territory. Members of parliament believe that Britain will declare war within twenty-four hours. It is understood that the ultimatum came to an end at 7 o'clock last night without a favorable reply having been received.

OTTAWA HOUSE CALLED FOR AUGUST 12.

OTTAWA, Aug. 4.—It is announced here that if war is declared by Britain to-morrow as is expected parliament is to be called in special session August 12, when the government will put before the house an offer to the imperial parliament of three dreadnoughts now being built in Great Britain for foreign powers, which they intend to purchase.

RED DEER SOLDIERS OFFER SERVICES

All of the officers and 100 men of "A" Squadron, 35th Central Alberta Horse have offered their services to the Militia Department in the event of war, and Major J. C. Moore has already communicated with Col. Cruickshank, at Calgary, with regard to the matter. The Red Deer troopers are most enthusiastic, and keen to be of service to the Empire.

BY-LAW NO. 368

A By-law of the City of Red Deer to provide for borrowing of money for the purpose of erecting a skating rink.

WHEREAS it is deemed necessary and expedient that a skating rink should be erected in the City of Red Deer, and that there should be expended for such purpose the sum of \$12,000.00; that the said sum be borrowed on the credit of the City of Red Deer, and that the indebtedness thus created be spread over a period of ten years bearing interest at the rate of six per cent. per annum.

AND WHEREAS the amount of the whole rateable property of the City, according to the last revised assessment roll, is the sum of \$4,229,033.00.

AND WHEREAS the total amount of the existing debt of the municipality, outside of the debt due for the current expenses of the year, is the sum of \$275,876.29, no part of which is in arrears.

AND WHEREAS it is expedient that this By-law shall take effect on the passing hereof.

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE CITY OF RED DEER ENACTS AS FOLLOWS:

1. That the Mayor and Secretary-Treasurer of the City of Red Deer are hereby authorized and empowered to borrow on behalf of the municipality a sum or sums of money not exceeding in the aggregate the sum of \$12,000.00.

2. That the said sum shall be expended in the erection of a skating rink and for the purpose of raising the said loan one or more debentures of not less than \$100.00 each and not exceeding in the aggregate the sum of \$12,000.00 as aforesaid shall be issued, each of which debentures shall be dated on the day on which this By-law takes effect and shall be repayable in ten equal annual instalments of principal and interest at the Merchants Bank of Canada at Red Deer, Alberta.

3. Each of the said debentures shall be signed by the Mayor and Secretary-Treasurer of the City of Red Deer and sealed with the corporate seal of the said City.

4. The said debentures shall bear interest at the rate of six per cent. per annum, and shall have attached to them coupons for payment of instalments of principal and interest, which coupons shall be signed by the Mayor and Secretary-Treasurer of the City of Red Deer.

5. During the currency of the said debt there shall be raised annually by special rate on all the rateable property of the City of Red Deer the sum of \$1,630.40, the amount of the annual instalment of principal and interest due in each of the said years in respect of the said debt.

6. The votes of the duly qualified burgesses of the City of Red Deer shall be taken on the 24th day of August, 1914, in the City Hall, commencing at the hour of nine o'clock in the forenoon and continuing to the hour of five o'clock in the afternoon of the same day, and the Returning Officer and Deputy Returning Officer for taking the said votes shall be A. T. Stephenson and A. G. Ayres, respectively.

7. The said Returning Officer shall sum up the number of votes for and against this By-law on the 25th day of August, 1914, at the hour of ten o'clock in the forenoon in the said City Hall.

8. That the By-law shall be finally considered by the Council, and if the same shall have been assented to by the burgesses shall then be passed on the 27th day of August, 1914, in open Council this 27th day of July, 1914.

Mayor.

NOTICE IS HEREBY GIVEN that the foregoing is a true copy of

the proposed By-law, which will be taken into consideration by the Municipal Council of the City of Red Deer after being voted upon by the electors; that the date of the first publication of the said proposed By-law is the 20th day of July, A.D. 1914, in the Red Deer News, a newspaper published in the City of Red Deer, and that the vote of the electors will be taken upon the said proposed By-law on the 24th day of August, A.D. 1914, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of the same day in the City Hall in the City of Red Deer, and the said Returning Officer shall sum up the number of votes for and against the said By-law on the 25th day of August, A.D. 1914, at the hour of 10 o'clock in the forenoon in the said City Hall.

BY-LAW NO. 369

A By-law to authorize the issue of debentures of the City of Red Deer to the amount of \$3,000.00 to pay the cost of constructing certain boulevards.

WHEREAS boulevards have been constructed by the City of Red Deer at a cost of \$3,000.00 on the following streets, namely:

Stewart Street, on both sides, from Gaetz Avenue to Nanton Avenue.

McLeod Street on both sides, from Gaetz Avenue to Nanton Avenue.

Douglas Street on both sides, from Gaetz Avenue to East Avenue.

Park Street on both sides, from River Avenue to East Avenue.

Wakarusa Avenue on the East side, from Douglas Street to Ross Avenue.

Nanton Avenue on the West side, from Alexander Street to Munson Street.

AND WHEREAS in order thereto it is necessary to issue debentures of the City of Red Deer for the sum of \$3,000.00, as hereinafter provided, which is the amount of the debt intended to be created by this By-law, the proceeds of the said debentures to be applied to the said purposes and to no other.

AND WHEREAS it is desirable that the said indebtedness be spread over a period of ten years.

AND WHEREAS the amount of the whole rateable property of the City, according to the last revised assessment roll, is the sum of \$4,229,033.00.

AND WHEREAS the total amount of the existing debt of the municipality, outside of the debt due for the current expenses of the year, is the sum of \$275,876.29, no part of which is in arrears.

AND WHEREAS it is expedient that this By-law shall take effect on the passing thereof.

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE CITY OF RED DEER ENACTS AS FOLLOWS:

1. That the Mayor and Secretary-Treasurer of the City of Red Deer are hereby authorized and empowered to borrow on behalf of the municipality a sum or sums of money not exceeding in the aggregate the sum of \$3,000.00.

2. That the said sum so to be borrowed be appropriated in paying the cost of constructing the boulevards on the streets and avenues aforesaid, and for the purpose of raising the said loan one or more debentures of not less than \$100.00 each and not exceeding in the aggregate the sum of \$3,000.00 as aforesaid shall be issued, each of which debentures shall be dated on the day on which this By-law takes effect and shall be repayable in ten equal consecutive annual instalments of principal and interest at the Merchants Bank of Canada at Red Deer, Alberta.

3. Each of the said debentures shall be signed by the Mayor and Secretary-Treasurer of the City of Red Deer and sealed with its corporate seal.

4. The said debentures shall bear interest at the rate of six per cent. per annum, and shall have attached to them coupons for payment of instalments of principal and interest, which coupons shall be signed by the Mayor and Secretary-Treasurer of the City of Red Deer.

Provincial League

Football Games

Red Deer in Scoring Mood

(Crowded out last week)

The Red Deer United Football Club was called upon to play two provincial league games two nights in succession last week, and came out of the ordeal with flying colors, winning the two games by a total of nine goals to one.

The visitors on Wednesday night, and looked a very likely lot as they walked in the field, and many doubts were expressed that the local boys would be able to hold them, as the team was considered by many to be a weak one, particularly in the defence. The ball was kicked off at 7.30, the United getting away at once, and made of four minutes had scored a good goal. This appeared to put lots of heart into them, with the result that there was more vim in their play, and they had been seen before this season. Rodd was working like a Trojan and swinging the ball to his other forwards in good style, also making them the most of their chances and putting in some very fine shots.

On the other hand Didsbury did not seem to be making much of anything at all. They had some decent chances of scoring, but could not make it, being too wild altogether. The defence was practically shown to be weak; their tackling was bad, and the placing of the ball at times was rotten. This no doubt was due in a big measure to the manner in which the local forwards played up to them. Two penalties were given against Didsbury during the game, a score record was made. One was for hitting the ball and the other for jumping on a player's back. As far as the United are concerned, the whole team played well. Percy Kent, who was captain, coached the players all through and played a sterling game himself. The United boys were a good team. The backs were not so strong as follows, but did well, while Bellerby in goal put up a fine game. Didsbury as a team were disappointing. They are a good sporting bunch, and have for years visited Red Deer, and usually put up the hardest game of the season, but they were disappointed themselves Red Deer's equals, but on Wednesday they never appeared to know just what the other man was going to do, and were slow and erratic in all their movements.

Lorne Good, their goalkeeper, is an old Red Deer boy, and much sympathy was expressed for him, since the team itself for the heavy scoring put up against them. Some feeling was shown in the last few minutes with certain of the players, which looked like ending in a fight, but matters were smoothed over. Red Deer won by six goals to one. A. Heyward, referee.

Following were the Red Deer team: Goal, Bellerby; full backs, Hishop and Drummond; half backs, Hishop and Rodd; forwards, McKay, Rodd, Hopkins, Wright and Kent.

LACOMBE VS. RED DEER.

This provincial league game on Thursday night was looked forward to with mixed feelings and no little excitement by the local football sports. Lacombe are a new team in the league and have got together a strong team of players, who turn out to score goals and generally manage to do it, having defeated Red Deer in the first game in the league last season, and it was to that was the fact that if Red Deer lost this game they would be out of the championship. The committee and players, however, were optimistic, for although H. G. Scott and Luckieham, probably two of the best backs in the province, have recently left the team, a new team has been got together, who were out to win and do something to regain lost prestige. Lacombe decided to come down by the train, and to wait for the midnight train to return, and unfortunately they got caught in the very bad hail storm which struck the city on Thursday night. They had to shelter for some time, and did the last six or seven miles on the rim of wheel, having lost a tire. Consequently they were very late in arriving, and a large number of citizens left the field, thereby missing a great game. We explained this game and, winning the toss, elected to kick towards the east goal. The game was rapid from the start, and in a few minutes

Hopkins broke away, and after deftly kicking a score of men passed Rodd, who was well up, and beat the goalkeeper with a good shot close and swung the ball about in a manner that showed they knew something of the passing game. Rodd's defence being good, but full back and were not to be beaten. Club. The game was a great game, although in the early stages he was right to hang on a little too long to the ball, but his centre was grand and all source of menace to Lacombe all through. Two more goals were scored in the first half, one each by Wright and Kent, and they were both beautiful. Both teams were a mixed aggregation, the Canadians playing a couple of St. Luke's men, and the Firemen one of the Callies and a couple of new men. The game looked like being played under protest for various reasons, and it was late when a start was made. The Firemen practically scored from the kick-off, the ball being put through from a scramble close in goal. The Canadians recovered themselves and equalized with a good shot early in the second half. Then a poor kick by Malcolm let in Wright, who scored with a beautiful cross shot. The couple of easy goals, but failed to take the chances. The Firemen were more methodical in their work and put in two more goals, winning as stated. W. Krause refereed.

WEDNESDAY, AUGUST 5th, 1914.

THERE WAS AN EMERGENCY.

The emergency has arisen, and all the great nations of the earth are at each other's throats. Had Canada been allowed to follow the policy of the Conservative party, as laid down by Hon. R. L. Borden, she would today have battle ships in the front line of battle fighting for the grand old flag, and we, as Canadians, would feel a thrill of pride in our hearts that we had done our duty to our Mother Country in her hour of need.

Now we can only hang our heads in shame.

The action of the Liberal party and the Liberal Senate in stating that there was no emergency, and that the First Lord of the Admiralty was only talking for political effect, has proved to be untrue.

This action of the Liberal party and the Liberal Senate will be recorded in the history of Canada as a great mistake.

DUTY OF CANADA.

There is desperate danger that Great Britain will be involved in the war which has begun between Austria and Serbia. If Great Britain must stand with her allies, the very life of the Empire will be at stake. Upon the one hand will be Austria and Germany and Italy, and upon the other Serbia and Russia and France and Great Britain. Who can say what may come out of such a contest?

We, in Canada, in Australia, in New Zealand, and in South Africa, are as deeply interested as are the people of the people of the Mother Islands. The Empire and British institutions the world over will call for defense by the whole British people. If fortune should go against us, the map of the world would be remade. An autocratic political system would be substituted for the freedom which is the very essence of the British Empire, and for a time many of the ideals that we most cherish would die or struggle feebly for life in strange and uncongenial ground.

Perhaps it is not much that Canada can do to assist the Mother Country, if honor and duty require her to join with her allies. What we can do we must do, whatever that may involve in men or money. We are upon the edge of an emergency from which we cannot escape, and we must so bear ourselves as to retain our own self-respect and stand worthily with the British people throughout the King's dominions.

POPLAR RIDGE.

Mr. and Mrs. Parker are receiving congratulations on the birth of a son—born July 22nd.

Miss I. R. Strong returned home yesterday after spending a week visiting friends in Bingley, Alta.

The meeting was cancelled last Sunday, and will be held next Sunday, August 9th.

We are sorry to hear that Mr. Fisher is ill at the home of his daughter, Mrs. A. F. Neilson.

Young People's Meeting

A most enjoyable and profitable meeting of the Baptist Young People's Union was held on Monday of last week, when about forty of the young people gathered at the home of their pastor. The topic, "The Missionary Value of a Christian College," was opened in a novel way by the singing of several college songs and the rendering of college yells by about a dozen of the boys present. College day experiences were given by several college and university students and realistic glimpses of college life were put before the young people, and a true college spirit seemed to prevail throughout the meeting. The remainder of the evening was spent in a social way in honor of Mr. Wakelin, who was the recipient of a small token of appreciation of his work amongst the young people. Mr. Wakelin was the former president of the Union and his departure will be deeply felt as he leaves to take part in a new sphere of work, and the best wishes of the young people go with him.

Preparing to Drill
Near Red Deer

DERRICK BEING ERECTED

Company Will Go 3,500
Feet If Necessary

The Pioneer Oil Company have secured property four miles south of the city of Red Deer, on the west half of 21-37-27, west of the 4th meridian, and intend drilling for oil at once.

Several caravans of material have already been drawn to the spot by Flewson & Sons, who are still busy on the job, for the erection of the derrick, and the drill is on the way here, and is somewhere between Calgary and Red Deer, and is expected any hour.

The company is composed of gentlemen from Redcliffe, Alberta, and they will start with a twenty inch hole, planning to go 3,500 feet

if necessary. The work will be in charge of J. L. Laidis, and the drilling will be done by Mr. Duffield. It will take two weeks to erect the derrick, and the drill will be waiting, and will be placed in position and work started at once.

The enterprising company are going about their business in a cool methodical manner, and they have ample capital behind the venture. They have carefully examined the territory between here and the Monarch well, and they are satisfied they are on the right track. There have been many indications of oil in this district, and we will now be able very soon to verify the statement that we have as good prospects for oil as any location in the province of Alberta.

Red Deer's Rate
Sixteen MillsBY-LAWS WITHDRAWN
BY COUNCIL

The City Council met in special session on Monday afternoon at 3.30 to assess and levy the rates for municipal and school purposes for the year 1914.

The amount required by the city for the year is \$84,436.24. The assessed value of the rateable property of the city, after all exemptions have been allowed, is \$4,229,033.00.

The assessed value of the rateable property within the limits of the Red Deer Public School District, No. 104, is \$7,041,129.00.

The rate struck was as follows: For municipal purposes, 3 1/2 mills on the dollar, or \$14,801.61.

Debt rate, 8 mills, or \$33,832.26.

Public School rate, 4 1/2 mills, or \$31,685.08.

The business tax, being 5 per cent. on assessed rental value amounting to the sum of \$66,144.00, was \$3,307.20.

The assessed value of North Red Deer Roman Catholic Separate School District is \$180,022.00.

RECORD FAIR.

Regina, July 29.—This was Citizens' day at the exhibition, and the official attendance was 15,158. This is generally considered the best fair Regina has ever had, and so far no accidents or mishaps of any kind have occurred. Particularly attractive is the display of stock.

EXHIBITION DEVELOPMENTS
STILL CONTINUE

It is impossible to realize the growth the Edmonton Exhibition has made in the last three years without actually visiting the coming fair.

The check of entries which naturally followed the closing of exhibits, showed an increase in exhibitors and exhibits far beyond the anticipation of the Association.

Every day sees development in the plans for the Fair of August 10th-15th. Greatest in the west will be the exhibition of 1914. There will be no lack of entertainment for the visitor of a week or a day. Indeed a cursory inspection of the exhibits alone would fill the time without devoting any attention to anything else.

Visitors should not fail, however, to visit the Manufacturers' Building or the machinery hall. Here will be found many interesting and useful inventions for lightening the work on the farm and in the home.

In these days when help is so difficult to obtain, and every moment counts, time is money, and any invention which will save time is not a luxury but a necessity. The latest ideas in time-savers will be found at the Edmonton Exhibition.

An exhibition would not be an exhibition were there no time devoted to pure relaxation and enjoyment. This will be found for everybody in the programme to be presented every afternoon and evening before the grandstand. Special carnival attractions have been engaged from Chicago to join the local attractions of Folk dances, musical ride and military tattoo, in providing a good time for all. Six bands, including the Edmonton Newsboys' Band, have been engaged to supply music.

The races have heavy entries and will afford good entertainment for any who are fond of this class of sport.

Everybody's going to the Edmonton Exhibition. Just the party. Excursion rates have been arranged on all lines of railway for the week of the Exhibition.

The Separate School rate is 4 1/2 mills, or \$310.09.

COMMISSIONERS' REPORT.

The Commissioners brought in the following report:

Owing to the demoralized condition of the financial market, which makes it impossible to sell debentures at any price, we are reluctantly compelled to recommend that all the money by-laws advertised to be voted upon by the burgesses on 24th inst. be withdrawn.

S. N. CARSCALLEN,
A. T. STEPHENSON,
Commissioners.

The Mayor said it would be utterly impossible under existing financial conditions to sell debentures for half what they were worth, in fact there could not be a market at all, and they thought it wise to withdraw the by-laws until such time as the money market improved.

After some further discussion, the Council agreed to the following motion:

Moved by Councillors Rottetill and Carswell—that the Commissioners' report be received and adopted, and the Secretary-Treasurer be authorized to withdraw the by-laws from further publication. Carried. Council then adjourned.

DEPARTMENTAL
EXAMINATIONS

All round success has crowned the efforts of both teachers and pupils in the result of the departmental examinations this year. Out of thirty-six pupils who wrote for Grades XI and XII, thirty-three have been successful. This is away ahead of expectations, and is a record to be proud of. All honor is due the pupils, and every credit is coming to their teachers, and the citizens of Red Deer might well be proud of their teaching staff.

The following are the successful pupils:

GRADE XII.

Colvin Chadsey, Lloyd Colwell, Ada Dale, Lowell Doughty, Gladys Dymos, Helena Gunderson, Anna Martin, Edward Meeres, Teddy Meeres, Harold Muldrew, Mildred Sherlock, Myrtle Smith, Dolly Stark.

Board of Trade Report

July 27th, 1914.
To the members of the Red Deer Board of Trade.

In submitting the second quarterly report for 1914, we feel that considering the general condition of affairs in Red Deer in particular and Canada at large in general, we have a right to congratulate ourselves on the work that has been done the past quarter.

Your Council has held five meetings since the last quarterly general meeting in April with an average attendance of ten, showing the interest that is being taken by the Council members.

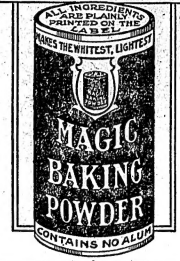

A special meeting of the Council was held on April 14th at which Mr. J. H. Mallet of Calgary is starting an automobile factory in Red Deer but the proposition was such that the Council did not feel it merited its proper support and co-operation.

On April 29th, the Council met the representatives of Messrs. Nash Bros. wholesale grocers with reference to starting a branch house in Red Deer, but as they desired some financial assistance in securing site, which the Board of Trade could not grant them under the new Provincial Act, the proposition was turned over to a Citizens' Committee who have the matter in hand and who, we understand, expect to report definite results in a short time.

Your Council took up with the Department of Public Works and also the Local Improvement District Council the matter of repairing the C. & E. trail south from Red Deer and other roads, and are pleased to report now that these roads have been put in good shape.

One of the most important items that we have brought to a head is

NO ALUM

the establishment of a weekly farmers' market and we think that you will agree with us that it is turning out to be an unqualified success. The Market Committee under the Chairmanship of Mr. Whitehouse deserve a great deal of credit in this connection.

Our railway committee consisting of Chairman H. H. Gaele, E. Michener and Pres. R. B. Welliver are doing good work and very active in the discharge of their duties. Interviews have been held by them with several of the prominent C. P. R. officials and through their efforts, week-end excursions to Sylvan Lake over the A.C.R. will be arranged, if not in August of this year, at least for next season. The Committee are also keeping in close touch with C.N.R. developments and to their efforts some of the credit may be given for the commencement of construction work on the C. N. R. into Red Deer again, and also the Committee are entitled to some credit in inducing the C.P.R. to re-establish their terminal facilities at Red Deer. The Committee are now taking up with the head officials of the C.N.R. the matter of making Red Deer a divisional point of their system, definite information of which we hope to have for the next general meeting of the Board.

The Council have made arrangements with the Edmonton Board of Trade to co-operate with them in sending an exhibit of grains and grasses from this district to the New Westminster Fair in September.

We are also in communication with a milk condensing company with a view of getting a plant established in Red Deer but have nothing to report at this meeting.

The Secretary reports 144 enquiries received at the office during the past three months, all of which have been properly attended to. The enquiries were as follows:

FORGOT TO TELL MOTHER THEY WERE GOING FOR A SHOWER BATH.

Stockton, Cal., July 22.—When two young women, sisters, of this city, decided to take a shower bath in the woodland, under the spirited squirt of a garden hose, they made all necessary preparations in the house, except that of telling their mother of their plans.

They ran from their back door to the woodland and soon were on the return dash, dripping wet. But mother had locked the back door. In chilly panic the girls ran around the house and up the front steps and found the front door locked. They sought seclusion in the basement, where a deputy sheriff, summoned by an amazed neighbor, found them attired in grain sacks. From the darkest corner explanations were made and the deputy retreated after inducing mother to unlock a few doors.

EXTREME HEAT KILLS FOUR IN CITY OF CHICAGO.

Chicago, July 24.—Chicago contributed four more lives today to the heat wave which killed four persons Tuesday and six Wednesday. The heat is spreading over the country east of the Rockies and is especially severe in the lake cities. Twelve babies were killed in Cleveland and five persons died in Detroit. In other cities there were prostrations and death in smaller proportions. In Chicago eighty persons were adjudged insane and fifty-one cases were disposed of.

The death list was held down today by the low humidity. The official maximum was 96, a record for the season, but in the streets it ranged from 100 to 104. The humidity was only 44. Fifty cities in the United States showed a temperature of 90 or higher today and the only hope is for heavy thunderstorms and soaking rains.

Sylvan Lake

(Crowded out last week)

The Sylvan Lake ball team have been having a good deal of practice lately. Though they were defeated by the Skookumkoy boys last week, 7-5, they put it over the Y.M.C.A. boys 10-3 in a lively game on Friday night last. Rice pitched for the Y. boys, with Koranda backing up, while Johnson and Johnson were the battery for the Lake team. The Y. boys held them down pretty well for two or three innings, but then the Lake team forged ahead. W. Caswell has been receiving congratulations for a week or two. It was a fine boy.

Jonkhus have been quite the order of the day among the campers. The Misses Jarvis gave a pleasant little party following a bonfire on Tuesday night last, and quite a number of the young people enjoyed their hospitality. Mr. Jarvis is having much of his land on the lake front cleared of trees and brush, and it will be a fine place in the near future. On Thursday night the Y.M.C.A. boys had a bonfire at their camp, and everybody was invited and greatly enjoyed the pleasing strains of the camp gramophone. After the bonfire a number of the young people sprang a surprise party on Miss Gertrude Smith and a pleasant time was had until quite late in the evening. On Sunday night the Greens and Wright cottage dwellers had a fine bonfire a short distance down the lake, and quite a crowd was present.

The Saturday evening dances are getting to be quite a fixture here. On Saturday last a very pleasant one was held at Hesnan's Hall, by the girls of the Upper Camp. Quite a number of young people were out from Red Deer as well as the campers already here.

Skookumkoy Camp has broken up and most of the boys have returned to town.

L. M. Gaetz had some time shooting a great owl a few days ago. Quite a bunch were busy playing quitoes one evening, when someone discovered an owl up a poplar tree staring down at the proceedings. Someone called Jack, and he got his gun and put in a heavy load of B.B. shot. Sneaking up to within ten yards of the bird, winged beast he carefully took aim and poured a deadly stream of lead in its direction. But this shot apparently taking no effect Jack thought the range was too great, and sneaked closer, carefully avoiding making any disturbing noises. "Now I have you, you fat rat," roared Jack, and sent both barrels full at its unprotected breast. But still that owl stared unblinkingly down and Jack began to suspect that his trusty gun had failed him. But about this time he noted a peculiar thing. The owl seemed to be standing on thin air, there being no visible support under its feet. When Jack investigated he found that the poor owl had hung himself and had been dead some time. Presumably he had committed suicide on account of the bitter envy he felt after seeing the great game that Harry Wallace played at quitoes.

SASKATOON VOTERS DEFEAT GAS BY-LAW.

Saskatoon, July 30.—Burgesses defeated the by-law conferring 20-year contract to supply and distribute gas in Saskatoon. Voting was 608 for, 600 against, and as a two-thirds vote was required, the by-law is beaten. The by-law to abolish the ward system was also beaten, 499 to 713.

DIDSBURY VS. RED DEER

Rough Game—Humorous Auto Trip

The provincial football game between Didsbury and Red Deer at Didsbury, on Wednesday last, was a game not to be forgotten. Owing to accidents, seven players had not arrived until 7:45. Chief Meers with four of the players arrived at six o'clock, and when the others got there they were met with a shower from the fans who were on the field stripped ready to take on the whole Didsbury eleven.

Didsbury had made no secret about their intentions in regard to this match, and it can be said of them that they kept their word.

The game needs little describing. It was the roughest seen in years. Inside of five minutes Didsbury had been downed by two players in such a manner that had a competent referee been on the field they would have both received marching orders, but nothing was said. Shortly after this the ball was put to the left wing and Kent and Wright executed on of the prettiest pieces of combination seen this season, Kent finishing the run with a magnificent shot that struck the inside of the goal.

Scoring a goal that gave Lorne Good, the goalkeeper, no chance whatever. To the surprise of every one half time was called after five minutes play. The second half, if anything, was worse than the first. Whenever a Red Deer man got near the ball two or more opponents made an awful rush at him in most cases not troubling about the ball, with the result that the Red Deer forwards contented themselves with steering clear of injuries, and of course were not very dangerous. The defence however had to go through with it, and that they succeeded in keeping their opponents out speaks volumes for their play and pluck. Didsbury for years have been a team hard to beat, and a pleasure to meet, and it is unfortunate for the game of football and Didsbury in particular, that they should have resorted to such unfair and almost violent conduct to win this game, or, as was openly talked about, get their own back.

The only thing that can be said in their favor is that they do not know the rules of the game. The referee, while being a very decent fellow, was quite incompetent. The way he acted would make one think he had never seen a football game in his life. The second half lasted thirty-six minutes, no doubt to make up for the first half, and Red Deer were the winners of an unpleasant game by 1 to 0.

To the credit of the Red Deer boys, they kept their temper, and after a few vain appeals to the referee for justice, said nothing at all.

The trip to and from Didsbury is a tale in itself. Three cars left town between three and four o'clock. Chief Meers got there about 5:30 without a hitch. The two remaining cars met with a chapter of accidents. Blowouts occurred with such regularity as to try the

patience of a job, and a considerable part of the journey had to be done on the rim of a couple of wheels.

The return journey was too humorous to be overlooked. Chief Meers and his party started off immediately after the game, while the other players and the mayor's two lone supporters adjourned to a cafe, and put themselves on the outside of beef steak and ham and eggs.

The inner man having been satisfied, the boys began their journey home, and having got about two miles on the road were arrested by a loud yell and the sight of a red light, and found upon investigation that the Chief and his troupe had been stuck there for an hour and a half and unable to get the car to start.

After half an hour of weary only Melstrom found a way out of the difficulty and away the car went, the Chief in the lead for a few minutes, when another breakdown occurred. This was eventually out right, and the Chief shouted out-right and was soon out of sight. Probably five minutes had been over when the two cars again overtook the Chief and his men pushing the car along, having run out of gasoline. They were helped out of this difficulty, and the three cars proceeded to Innisfail, two of them raveling on the rim of a wheel each. The proprietors of the garage were induced to get up and supplied the cars with gasoline and the new tires. It was now three o'clock in the morning, and the party felt that they had had enough trouble and hoped it would be plain sailing some, but yet another accident occurred. Firemen vs. St. Luke's

The Firemen and St. Luke's league game on Friday night brought out quite a crowd of supporters, it being considered that the winners of this game would be the champions of the local league, and the Michener Cup. St. Luke's have been doing well, and it was thought by many that they would win the championship this year, particularly as the Firemen had lost a couple of their strongest men recently. The ground was treacherous and heavy, owing to the storm the afternoon, but the game for all that was fast and exciting. Most of the play was of the individual class, although at times there was some very neat passing. St. Luke's were undoubtedly the best team as far as all round

football is concerned, and during the greater part of the first half they had the Firemen penned in their own half, and should have scored at least three goals, but they were awfully weak at shooting, and did not appear to be able to do the right thing. On the other hand, when the Firemen did get a chance they were dangerous. The goal scored by Wright was a brilliant one. The ball had been sent up the field, and Bishop, the St. Luke's back, misjudged in clearing, and Johnny Wright seizing on the ball near the half way line made tracks for goal, and although he was tackled by Bishop and Heyward, he beat them to it and gave Day no chance with his final shot.

The second half found the Firemen playing better football, and St. Luke's striving hard to equalize, but all their efforts were thrown away by their wretched shooting and the manner in which they played the ball to the Firemen's backs instead of to their own players. On two occasions the Firemen brought Day to his knees on the goal line in his efforts to clear, and at the other end St. Luke's on occasions raised great excitement in their attacks on goal, but their failure to do so continually falling down at critical moments. The game was played in a good spirit and no roughness displayed. Chief Anderson referee.

Hill End

An afternoon tea and ice cream party was held at Mrs. Richards' on Tuesday afternoon, July 30th.

Richard Bros. have finished breaking for G. Healy and are now doing some for T. J. Walton, Edwell.

The return cricket match between Hill End and Innisfail resulted in the former winning. A large crowd was present and enjoyed themselves. The ladies supplied refreshments, and a dance in the evening finished the day.

Several of our citizens visited Calgary on the 12th.

Mr. Robt. Wells had somewhat of a merry ride while driving to Innisfail. His team of colts became unmanageable and ran for some distance before he got them under control.

A rather severe hail storm passed over on Tuesday last, doing considerable damage but not ruining the crops.

Several have started haying in full swing.

Mr. P. M. Bradt, of Golden West Hallbergan farm, Calgary, visited W. G. Healy last week.

PRESENTATION TO E. V. WAKELIN. A very pleasant and enjoyable young people's party was held at the home of Dr. George on Monday night last. Music, progressive cards and refreshments were the order of the evening and the evening's features was undoubtedly the presentation to E. V. Wakelin of a gold watch fob, inscribed. This is the second presentation to Mr. Wakelin, he having recently received valuable gifts from the young people of the Baptist church. During his stay in Red Deer as agent of the Northern Crown Bank he has made many friends, proving himself a good citizen, and being particularly liked among the younger set, with whom he entered into all kinds of sports, particularly football, baseball and tennis.

Mr. Wakelin is severing his connection with the bank and is going to Vancouver to take up Y.M.C.A. work, first of all taking a course through the colleges. He will surly with him when he leaves at the week and the sincere good wishes of all who have come in contact with him.

MACDONALD—HOSSNET. A very pretty though quiet wedding was performed in St. Luke's Church on Thursday morning, July 30th, at nine o'clock, by Rev. C. W. G. Moore, the contracting parties being Mr. Robert MacDonald and Miss May Hossnet. The bride was escorted by Mr. Fred L. Ray, vestryman of the church, who gave her away, and the bridegroom was supported by Mr. S. Taylor, choir master. Both these young people were very active and efficient members of St. Luke's choir, and will be very much missed. Mr. MacDonald was also a prominent member of the S.O.E. A number of friends attended the ceremony, and also saw the happy couple safely on the train for Disbury, en route for Toronto, where it is expected they will reside for a time. Rice was showered upon them and they left with the best wishes of their many friends accompanying them.

DEATH AT PINE LAKE. We regret to announce the death, at the early age of forty-two years, of James Edward Page, at Pine Lake on Saturday, August 1st, from consumption. The deceased, who lived with his two brothers Bert and Will and sister Rhoda on the farm, had been ill for a number of years, and while not being able to get around much, was liked by all who he came in contact with, being of a very genial disposition and never complaining. The funeral took place yesterday at Pine Lake Cemetery and was well attended by relatives and friends in sympathy with the family.
